Mason reserves the right to determine whether the University Data involved in this Contract is sensitive, and if it so determines it will provide the Data Security Addendum to Contractor and it will be attached to and incorporated into this contract. Types of University Data that may be considered sensitive include, but is not limited to, (1) PII; (2) credit card data; (3) financial or business data which has the potential to affect the accuracy of the University's financial statements; (4) medical or health data; (5) sensitive or confidential business information; (6) trade secrets; (7) data which could create a security (including IT security) risk to Mason; and (8) confidential student or employee information.

3. Mason reserves the right in its sole discretion to perform audits of Contactor, at Mason's expense, to ensure compliance with all obligations regarding University Data. Contractor shall reasonably cooperate in the performance of such audits. Contractor will make available to Mason all information necessary to demonstrate compliance with its data processing obligations. Failure to adequately protect University Data or comply with the terms of this Contract with regard to University Data may be grounds to terminate this Contract.

NN. UNIVERSITY DATA UPON TERMINATION OR EXPIRATION: Upon termination or expiration of the Contract, Contractor will ensure that all University Data are securely returned or destroyed as directed by Mason in its sole discretion within 180 days of the request being made. Transfer to Mason or a third party designated by Mason shall occur within a reasonable period of time, and without significant interruption in service. Contractor shall ensure that such transfer/migration uses facilities and methods that are compatible with the relevant systems of Mason or its transferee, and to the extent technologically feasible, that Mason will have reasonable access to University Data during the transition. In the event that Mason requests destruction of its data, Contractor agrees to destroy all data in its possession and in the possession of any subcontractors or agents to which the Contractor might have transferred University Data. Contractor agrees to provide documentation of data destruction to the University.
