ATTACHMENT C - ORGANIC LANDCARE PRICING - TAB 2

Contractor shall provide a Monthly Firm, Fixed Price (FFP) for the Organic Landcare Scope of Work (Attachment J) in the table below and a comparison price for these same sites for the traditional (non-organic) landscape maintenance services. The Yearly Cost will calculate automatically based on the Monthly Price provided. The Contractor shall only complete the cells that are blank and unlocked for editing. Failure to complete this form or modifying it without approval may result in your Offer being scored lower. The Contractor MUST complete both Tabs. This Scope is an Additive Scope to the main scope and it is at Mason's complete discretion if we opt to procure these services as part of any resulting contract award. Opting out of offering these services by entering $0.00 or Not Applicable (NA) in any cell may result in your proposal being scored lower by the committee.

*Please note that these numbers round up to nearest penny.

ORGANIC LANDCARE PRICING
