Modification of or additions to any portion of the Invitation for Bids may be cause for rejection of the bid; however, George Mason University reserves the right to decide, on a case-by-case basis, in its sole discretion, whether to reject such a bid as nonresponsive. As a precondition to its acceptance, George Mason University may, in its sole discretion, request that the bidder withdraw or modify nonresponsive portions of a bid which do not affect quality, quantity, price, or delivery. No modification of or addition to the provisions of the contract shall be effective unless reduced to writing and signed by the parties.
 2. (For Request For Proposals): Failure to submit a proposal on the official Mason form provided for that purpose may be a cause for rejection of the proposal. Modification of or additions to the General Terms and Conditions of the solicitation may be cause for rejection of the proposal; however, George Mason University reserves the right to decide, on a case-by-case basis, in its sole discretion, whether to reject such a proposal. NOTE: Each individual solicitation will contain specific instructions regarding what documents, or portions thereof, need to be submitted with the [bid] or [proposal].
- I. OBLIGATION OF OFFEROR: It is the responsibility of each offeror to inquire about and clarify any requirements of this solicitation that are not understood. Mason will not be bound by oral explanations as to the meaning of specifications or language contained in this solicitation. Therefore, all inquiries must be in writing and submitted as instructed on page 1 of this solicitation. By submitting a proposal, the offeror covenants and agrees that they have satisfied themselves, from their own investigation of the conditions to be met, that they fully understand their obligation and that they will not make any claim for, or have right to cancellation or relief from the resulting contract because of any misunderstanding or lack of information.
- J. QUALIFICATIONS OF (BIDDERS/OFFERORS): George Mason University may make such reasonable investigations as deemed proper and necessary to determine the ability of the (bidder/offeror) to perform the services/furnish the goods and the (bidder/offeror) shall furnish to George Mason University all such information and data for this purpose as may be requested. George Mason University reserves the right to inspect (bidder's/offeror's) physical facilities prior to award to satisfy questions regarding the (bidder's/offeror's) capabilities. George Mason University further reserves the right to reject any (bid/proposal) if the evidence submitted by, or investigations of, such (bidder/offeror) fails to satisfy George Mason University that such (bidder/offeror) is properly qualified to carry out the obligations of the contract and to provide the services and/or furnish the goods contemplated therein.

- K. **RFP DEBRIEFING:** In accordance with §49 of the *Governing Rules* Mason is not required to furnish a statement of the reasons why a particular proposal was not deemed to be the most advantageous. However, upon request we will provide a scoring/ranking summary and the award justification memo from the evaluation committee. Formal debriefings are generally not offered.
- L. **TESTING AND INSPECTION:** Mason reserves the right to conduct any test/inspection it may deem advisable to assure goods and services conform to the specifications.
- M. **USE OF BRAND NAMES:** Unless otherwise provided in this solicitation, the name of a certain brand, make or manufacturer does not restrict (bidders/offerors) to the specific brand, make or manufacturer named, but conveys the general style, type, character, and quality of the article desired. Any article which the public body, in its sole discretion, determines to be the equal of that specified, considering quality, workmanship, economy of operation, and suitability for the purpose intended, shall be accepted. The (bidder/offeror) is responsible to clearly and specifically identify the product being offered and to provide sufficient descriptive literature, catalog cuts and technical detail to enable George Mason University to determine if the product offered meets the requirements of the solicitation. This is required even if offering the exact brand, make or manufacturer specified. Normally in competitive sealed bidding only the information furnished with the bid will be considered in the evaluation. Failure to furnish adequate data for evaluation purposes may result in declaring a bid nonresponsive. However, written notice of the Contractor's intention to file a claim shall be given at the time of the occurrence or beginning of the work upon which the claim is based. Executive Summary, Qualifications, and Experience

Mission statement- Geneologie was founded on the idea of belonging- creating merchandise that brings us together. We deliver a seamless “order to wear” experience offering high-value products to community organizations, universities, and non-profits.

Geneologie is an industry leader in decorated apparel, promotional products, and online platforms. Our YOY sales growth in the higher education sector and overall market demonstrates our ability to perform at a high level against our competitors.

Additionally, our high purchasing volume allows us to receive and pass down discounts from our vendors and manufacturers. We partner with industry-wide leaders in sourcing to ensure the products that we offer are high-quality, ethically sourced, and sustainable.

Our quality control process starts in our art department where art and digital proofs are thoroughly reviewed for accuracy. From there, we ensure proper screen exposure and registration which is measured by a test print. A visual inspection must be done and approved by our production manager. On orders over 500 pieces, photographs of the first print are sent to the client for approval. On orders over 1000 pieces, the initial print from an order is sent via Next Day Air for the client to approve physically. Our shipping team is responsible for counting out each item before it ships to our clients to ensure they receive their order without any defective or missing items.

Background of Geneologie

The owners of Geneologie are AL Baudier and John Wachob. Both owners individually created their own printed apparel companies in the year 2000. AL Baudier's company was located in New Orleans and John Wachob's company was located in Memphis. Both AL and John started from humble beginnings with one machine and one employee. Over the next 10 years, both AL

and John's companies grew to several machines and dozens of employees servicing accounts like the NBA, NFL, and several dozen fortune 500 companies.

Over the years, AL and John were friends and decided to merge their companies in 2018 to concentrate on servicing universities across the country. The merger went so well that in 2022 they purchased the 3rd largest Greek merchandise company in the country with 182 licenses to universities across the country and a deep understanding of the latest trends in the Greek market hence the name change to Geneologie. As of March 2023, Geneologie has a sales office in Springfield, MO, two production facilities in Nixa, MO, a sales and administrative office in Slidell, LA, and sales representatives in Dallas, Charleston, and Nashville.
