\*Please note that while the plant is shutdown, we propose keeping costs to a minimum to GMU, as we always have, by billing at a rate of Additional Time On Site – Regular Hours of \$38.50/hour. Generally, we have found that around 1.0 hour per visit, and around 1-2 visits per week is adequate to inspect the system and coordinate pump and haul activities provided flow is minimal. In the event that flow is increased for events, we may need to visit additional times per week to keep up with the flow. On average this would equate to a total expense to GMU of approximately \$333.66/month on average.
